training was completed in a recognised Architectural School. Since 1935 I have been in close and continual contact with him professionally.

Here mention some of the Candidate's works known to the Proposer, and describe one.

I am also acquainted with some of the works executed under the Candidate's

superintendence, viz :— *Delta Court, Cricklewood, Benhurst Court, Streatham, Northwood Hall, Highgate Hill.* The latter is a large multi-storied building with a steel frame and brick panel walls. At the time of its erection this was a very original design, on plan a right angled cross with staircase and lifts in the centre of the cross. There were carried up to form a tower in the centre dominating the architectural conception.

I, further, believe that he is a fit and proper person to be admitted a Fellow of the Royal Institute.
